

GQ: What are the steps to write an extended response to text essay?

Analyze the Prompt

Use a circle map to tell everything you know about the prompt

Set Up Structure with Hybrid Tree Map

Place each question on one branch of the hybrid tree map

Choose an Appropriate Map to Answer Each Question

"Map within a Map"

Answer each question by completing the map

Skim and Scan the article to select key, supporting details that answer each question

Record on the map

Identify the key words

Identify the number of questions within the prompt

Add the "so what" frame of reference for each question

Become Topic Sentence

Add frame of reference ("so what" and "so why" for the entire map

"So what" frame will become the introduction paragraph

"So why" frame will become the conclusion paragraph

Group each question together

Draft

Introduction

Body Paragraphs

Conclusion
